Lombardia**

ASST Spedali Civili

Wednesday, May 15th

16:00 - 16:10	Welcome (S. Bonardelli)
16:10 - 16:20	Left subclavian artery revascularization benefits (L. Bertoglio)
16:20 - 16:30	Surgical LSA revascularization (L. Bertoglio)
16:30 - 16:50	Endovascular LSA revascularization options (A. Melloni)
16:50 - 17:00	Subclavian artery anatomy and sizes (A. Grandi)
17:00 - 17:20	Case selection and planning in situ fenestration (D. Ongaro)
17:20 - 17:30	<i>Coffee Break</i>
17:30 - 17:45	Stent-graft with instruction for use for in-situ fenestration (C. Zanotti)
17:45 - 18:00	Percutaneous axillary access with VCD or brachial open access (M. Cambiaghi)
18:00 - 18:15	Ancillary materials: fenestration needle, guidewire, steerable sheath (A. Varrengia)
18:15 - 18:30	Cover stents: balloon-expandable solutions for in-situ fenestration (P. Dioni)
18:30 - 19:00	Live in-a-box cases (L. Bertoglio)

Thursday, May 16th

08:00 - 09:00	Live Case: planning & sizing (A. Melloni)
09:00 - 12:00	Live Case: Zone 2 in-situ needle fenestration step-by-step implant (Vascular surgery Team)
12:00 - 12:20	Hands-on on needle fenestration with simulators (L. Bertoglio)
12:20 - 12:30	Results from the literature and data collection (M. Cambiaghi)
12:30 - 13:00	Discussion of cases from participants
13:00 - 13:30	<i>Light Lunch</i>
13:30 - 13:40	Closing & Remarks
